Dear Pope,

The contents of this letter date back to 1988 and Pope's from the Vatican church are included in the contents of the letter.

I apologise to alarm you however Cannibalism is in this letter.

Incidents that did occur in 1988 where two separate payments from the Vatican church were not received by Myself.

The incidents occurred in Australia and are as follows:

In 1988 I was a school student and aged 17 years old. I resided in Canberra.

I was on a school excursion work experience trip to Sydney to learn design skills from a Design Office. The excursion was for one week and in July or August. I was staying with my Uncle David Bates and his flatmate located at Watson Bay.

On my way home one evening I was Accosted. The incident is as follows:
I had a drink and fell asleep, later there was smoke in the car, I lost consciousness and only became aware of my surroundings while walking down a narrow Laneway, people were seated in the Laneway on the ground guarding it. I had to step over their legs. It was dark and approximately 11pm.

I was directed through the narrow Laneway into a larger part of it that resembled a Hall of significant size at the rear of the property. The Laneway from the Street opened to the larger opening at the rear of the property. It was dark so I was not sure if it was enclosed with a roof above. I now understand it was not enclosed with a roof above and was an open to the nighttime sky above.

I looked around and there appeared to be a lot of people in the Hall, although I could not see them properly.

This is the Annexure marked FF referred to in the ~~Affidavit~~/Statutory Declaration of ANDREW BATES

There was a small fire and what looked like a dead animal on the ground near the fire. The person near the fire asked me over for a look. I stood my ground and did not move.

While standing in the middle of the dark Hall with no lighting except for a small fire toward the corner, I was alarmed when I was told I was going to be Eaten by the people that took me there.

The person who said it started to walk toward me briskly. A fight started as they moved in to attack me, I punched two of them and they were knocked out.

I started yelling for help. Shortly after yelling, the Military arrived at the scene. The military had lighting and Guns.

I was given a Handgun and I used it.

I rescued Seven Priests.

I have been informed that some of the Priests had been held hostage for Ten Years.

The Priests wished to award me money through my doctor.

I never received the money.

His name was Dr Robert Smethills. His practise was in Macquarie, Canberra in the ACT. I was under my Doctors Care. My Parents were unaware of the occurrences in Sydney, however, knew I had a troubled time at my work experience excursion.

During visits to My Doctors Practice, I was heavily anathemised by the Military.

I believe the drug known as Rohypnol was used. This drug was injected into the back of my head.

I know that after witnessing pictures of the incident, Dr Smethills also had injections into the back of his head with the same drug. I remember him complaining.

During another visit to my Doctors Practice, I remember meeting one of the Popes. I remember money being offered to me. The generous gift was $200 Million Dollars.

The money was later discussed with the Military in the Doctors Practice. It was decided it best to divide the money with the Military. I was to receive $10 Million Dollars. The Military, some of whom were in Hospital were to receive $10 Million Dollars each.

I met the Pope at the Doctors Practice. The Pope I met was not happy with this arrangement. He said the following:

He stated, *"The Military were doing their Job and are already paid money, the money is for you".*

AB RJH

He followed by saying *"You are a Student on an Excursion for Design, with your School. Your life is ruined. You should take the money for yourself and study Architecture at a University and then build a Church at the Site of the Incident. Religion will need to be involved in building the New Church. It is a slow process, with everything needing to be Blessed throughout the entire construction, one stone at a time".*

A second attempt to award me $200 Million Dollars was made by The Pope, however it was also not received.

I understand, The Vatican church had purchased the Land at the Site of the incident and it was under my name. I had to sign my name on paperwork to obtain it.

Somehow, shortly after the money intended for myself, was stolen by a young lady known as Nicole Wilson. She is now a Hollywood Actress known as Jennifer Morrison.

She stole $10 Million Dollars along with a Realestate Deed for the Land Parcel where the incident occurred. Incidentally, this location is now known as the Establishment Bar in Sydney.

Later, when Dr Smethills came to his senses, he attempted to reimburse me the money by purchasing a Car Wash chain and later Financial Bonds along with Realestate.

Unfortunately, the Bonds and Realestate have also been Stolen.

Police are investigating The Crimes, however I would like to provide them with more evidence to assist the investigations.

I am hoping to reclaim My Money and Land Parcels belonging to Myself.

I hope you can assist by verifying the incidents noted above.

Yours faithfully

Andrew John Bates
